

Wednesday, 16 October 2024

10.30-11.00 Taming the Dragon of Peak Demand

Speaker: Karl Friesenbichler, *Head of APAC Region Ferag*

13.00-14.00 Beyond Imagination: When Sci-Fi Meets Supply Chain

Get to know Infor's WMS Cloud Solution, a software system that can manage warehouses in a complete way. See inventory data, orders, equipment, and personnel in real time, as well as enhance the accuracy and precision of the automated warehouse system. Plus, integration with multiple system is easier than ever!

Speaker: Kanjana Wongpisuthiphong, *Solution Consultant, Infor Software (Thailand) Limited*

15.00-15.30 Wireless Charging: Safe and Robust Power Supply for Mobile Robots

Learn how "In-Process-Charging" can help you reduce your AGV fleet by over 30%, driving significant cost savings and efficiency gains. Hear success stories from leading companies that have revolutionized their intralogistics with Wiferion.

Don't miss this opportunity to learn how wireless charging can transform your mobile robotic operations!

Speaker: Julian Seume, *Director of Wiferion – a PULS business unit*

15.30-16.30 The Challenge of China Mobile Robotics Industry

Speaker: Kevin Liu, *MHE industry strategy consultant*

Thursday, 17 October 2024

11.00-12.00 Intralogistics International Chances – Innovations – Corporations

Join top experts from globally recognized companies in a special panel discussion on the opportunities, innovations, and partnerships shaping the increasingly international world of intralogistics.

Speaker:

Stefan Luhn, *Export Sales Manager Warehouse Solutions and Aviation, Genkinger GmbH*

Sven Waldhaus, *Director of Sales Asia & Pacific, KNAPP AG*

Benjamin Eichinger, *Vice President Revenue Partnerships & International, Robco GmbH*

LI Qing WANG, *Managing Director VAHLE China, Vahle Group*

Jan Kaulfuhs-Berger, *Editor-in-Chief, Trade journal TECHNISCHE LOGISTIK*

13.00-13.30 Cost-Saving Insights: Entrepreneurial Success Stories

Listen to successful case studies from entrepreneurs that have effectively reduced operational costs by improving internal management and fully utilizing IT systems and automation for maximum efficiency.

Speaker: Dr. Jiraprabha Khajornboon, *Division of Logistics, Department of Industrial Promotion (DIPROM)*

15.00-15.30 Carbon Reduction: Benefits & Approaches

Learn about carbon emission assessments and practical approaches to reducing carbon emissions within your organization, to improve energy efficiency, reduce costs, and enhance your organization's ESG strategy.

Speaker: Amporn Poyai, *Senior Researcher, National Electronics and Computer Technology Center (NECTEC)*

Friday, 18 October 2024

13.00-13.30 The Future of Warehousing with AS/RS & AGFs

Discover VisionNav & Seibu, cutting edge technology which empower intralogistics automation system. Learn how you can create better Human-Machine collaboration, improve logistics efficiency, space utilization, and generate value for customers with VisionNav & Seibu.

Speaker:

Thirananth Jindasaisonth, *Assistant Sales Manager, Okaya (Thailand) Co.,Ltd.*

Thanakrit Techarob, *Sales Engineer, Okaya (Thailand) Co.,Ltd*
