Welcome to Bangkok in the heart of ASEAN!

Peter Kazander
Managing Director
LogiMAT International

As an international trade fair organizer, we are pleased to be able to offer our exhibitors and trade visitors a high-quality platform in the middle of this fascinating and rapidly growing market.

LogiMAT Southeast Asia is aimed at not only the Thai market, but also the surrounding markets in Indonesia, Singapore, Laos, Malaysia, Cambodia, Vietnam and Myanmar.

Bangkok's central position and perfect infrastructure gives this trade fair tremendous appeal, also for trade visitors from the neighboring countries.

We are pleased to be in the right place at the right time with LogiMAT Southeast Asia and to be able to share this opportunity with our international exhibitors and visitors from all over the world.

Voice from Exhibitors 2023

"LogiMAT is a world-renowned event. Our headquarters participate in LogiMAT in Germany every year. As for the event in Thailand, this marks our second consecutive year of participation. I noticed that it is already one of the most famous events globally, which is why I decided to join this time. We intend to showcase Jungheinrich's products and provide solutions to all types of customers with warehouses."

Ms. Mattaneeya Sengpanit Dealer and Business Development Director Jungheinrich Co., Ltd.

"SSI Schaefer is a member of the Thai Intralogistics Association, and as this event is closely tied to the association, we found it to be a valuable opportunity for participation. The experience was quite positive, allowing us to connect with both existing and potential customers. We had the chance to engage with current clients, as well as meet new ones. Additionally, we had meaningful interactions with business colleagues in the same line of work."

Mr. Sarawut Laoprasert Country Manager SSI Schaefer Systems International Co, Ltd.

"We are excited to be back in LogiMAT in Thailand again this year, to show case what we can achieve in warehouse space. We attended last year; it was our major exhibition attended in Southeast Asia following pandemic destruction. We saw a lot of success, so we knew we had to come back this year. It was a wonderful experience. So far, it's a lot bigger than what we saw last year in size and scale, which add-on to the value of the exhibition, provides for businesses like us that are keen to expand our Southeast Asia effort."

Mr. Bill Lim Senior Sales Manager Hai Robotics Pte., Ltd.

"I have been following LogiMAT for a considerable amount of time. The visitor group is highly focused, which is the main reason for our participation in the LogiMAT event."

Mr. Wichet Muengchan Group CEO Eureka Automation Co., Ltd.

"We produce conveyor systems, complex, and storage facilities in Europe and worldwide right now. We joined the show to get a foothold here in Thailand and make new connections here and Vietnam and the South Asian region. It's our first time here and we're glad to be here and it was very nice."

Mr. Marcus Kaczmarek Head of International Sales AMI Forder- und Lagertechnik GmbH Co., Ltd.

"We are very happy to participate in this event. LogiMAT provides more opportunities to us for showing our product showcase to the global customers and interacting Face-to-face with new customers."

Mr. Liao Huaya Sales Director ROBO Technologies Automation (Suzhou) Co., Ltd.
